

Lengthy power outages, widespread road closures, and freezing temperatures caught a lot of Lincoln County residents by surprise this year. Disaster preparedness isn't all about earthquakes and wildfires – extreme weather events are common here, and can cause major disruptions.

Be a part of the solution! Join your local Community Emergency Response Team (**CERT**) to receive free preparedness training and gear to help your community and be ready for the next emergency incident. *Stop by one of our Open House nights to learn more about participating in the CERT program!*

CERT Drop-In Open House Nights:

March 14

6pm – 7:30 pm

Siletz Fire Station

March 15

6pm – 7:30 pm

Toledo Fire Station
